To
President Falconer,
University of Toronto.

Dear Sir.

Understanding that the Examinals are soon to be appointed for the Matriculation, Lower and Middle School examinations, I am taking the liberty of sending this letter to you, in the hope that my name may be considered among those open for abointment.

I am an honour graduate of Toronto University, in the Modern Language Department, where it was my privilege to win the Governor Generals Medal and two Italian Prizes. I stood first in first class honours in the

January 1918

French and German Specialist Course and first, in First-class, in the Romance Division of the Modern Language Course, on graduating.

I have had seven years' successful experience in Collegiate and High School work, but, for some reason or other, received no appointment to the Training Staff. Mr. Hodgson inspected me last in the Sarnia Collegiate Institute - I am at present teaching Moderns, English and History in the Kenora High School - We are doing no Upper School work here but I am teaching all the English of the Middle and Lower School, all the Moderns in the school and the Middle School History British, Canadian and Ancient. I might add that I have had practically the same work to do wherever I have been, except in Sarnia, where my

work was largely Modern Languages only, to the exclusion of English. In the Renfrew Collegiate Institute, I had all the English as well as all the Modern of the Middle and Upper School and in the Uxbridge High School, the same line of work.

Should I be appointed to the Examining Staff, of either the Lower, Middle or Upper School Examinations, I should be most grateful for the consideration shown me.

Very sincerely yours,

(Miss) Marian F. Willis

Miss M. F. Wilkie,

Box 347,

Kenora, Ont.

Dear Miss Wilkie:

I have your letter asking that you should be given an appointment as Associate Examiner for Matriculation next June. I shall be glad to recommend to the Board that this appointment should be made when it next meets. Of course I cannot guarantee appointment, because there is a committee and various conditions have to be fulfilled, but I hope that it will be favourably considered.

Yours sincerely,

President.
